REVENUES

Line 1.010 General Property Tax (Real Estate)

For fiscal year 2018 General Property Tax is estimated based on actual receipts to date – and the county auditor’s estimates as expressed in the tax budget. Fiscal years 2019-22 are projected to be similar to the previous year based on the tax budget and current economic and real-estate conditions, including recent complaints for revision. An emergency levy representing approximately 4.3 mills and generating \$950,000 was renewed in November 2016. The last reappraisal for Richland county property was in calendar year 2017, collectible in calendar 2018. The estimates include all property taxes and telephone personal property tax scheduled for settlement for fiscal years 2018 – 2022 and exclude the receipt of any advances against succeeding years’ scheduled property tax settlements.

Line 1.020 Tangible Personal Property Tax

Tangible Personal Property Tax is phased out by Fiscal 2013.

Line 1.030 Income Tax

On May 3, 2005, the voters of the Shelby City School District authorized a one percent (1%) continuing income tax that became effective January 1, 2006. The income tax is estimated to generate approximately \$2,800,000 in 2018 with minimal annual increases.

Lines 1.035 Foundation / State Grants –in -Aid

The current year is estimated based on the current State estimate as shown on the first May 2018 Report and settlements to date. Years 2019 – 2022 are estimated at a very small increase from Fiscal 2018. The state funding for schools is based on several factors all of which are subject to deliberations and approval of the Ohio General Assembly. A new state budget cycle beginning in Fiscal 2018, and enrollment changes will impact funding, possibly significantly. This line also includes casino funding \$95,000 in FY 2018 and a similar amount annually through 2022.

Line 1.040 Restricted State Grants This represents Career Tech and Economically Disadvantaged funds. Estimates are per the first October 2017 state guidance.

Line 1.045 State Foundation Stimulus Funding This line represents a two year cash flow from the federal government meant to supplement what was previously received fully from state funds. Cash flows from this source were phased out by fiscal 2013.

Line 1.050 Property Tax Allocation

This line includes both reimbursement for Homestead and Rollback allowances on property taxes and reimbursement for the Tangible Personal Property (TPP) Tax lost due to the phase out of tax on personal property. The current forecast includes \$740,000 for homestead and rollback reimbursement and minimal PPT reimbursement along with small amounts for ODE corrections and Mobile Home tax. PPT reimbursement is estimated based on our current understanding of the state budget, to be phased out completely after FY 2017.

Line 1.060 All Other Revenues

Other Revenues include open enrollment, tuition, extracurricular transportation, Medicaid reimbursement property tax abatements, interest, student class fees, refund of prior year expenditures and other revenue. Projections include a small increase in fiscal 2018 based on an expected increase in interest rates partly offset by a decrease in Medicaid receipts as a backlog of cost report reimbursement is caught up.

Line 2.020

No new debt issues are projected for the period of 2017 -2021. The debt related to building project doesn't show up in the general fund.

Line 2.060 All Other Financing Sources

All other financing sources consists of sales of fixed assets, compensation for loss of assets and reimbursement for prior years expenses. In the past this has been a relatively small source of income.

EXPENSES

Line 3.010 Personal Services

Fiscal year 2018 is calculated using current staff and salary levels. Fiscal year 2019 is estimated on the same basis. For Fiscal Years 2020-22 we have applied a 2.0% increase to the previous year to allow for step increases on the higher salaries resulting from the 2018-20 contracts. We assume that the current level of federal grant funds will be available to cover some contracted salaries. At this point we have not factored in any additional attrition or any changes to either salary or benefits other than those mentioned above. Both this line and line 3.020, Benefits are subject to collective bargaining.

Line 3.020 Benefits

No increases to the STRS or SERS rates or pick-up have been specifically included in the forecast at this time.
